Dear Paul,

I had received the enclosure with your letter of the 20th. Your secretary apparently did not find the clipping you referred to for it was not enclosed (Minutemen).

As time passes and I try and retain too much, I also forget too much. I think I was hoping you might get some specific information on Jimmy Robinson and details on his being picked up, including why.

If you are ever in this neighborhood (an hour from Washington), I think you might want to see what I have on Clark that might interest some Texas people who may not be overly fond of him to begin with. Of course, this also means Johnson. Over and above this, I have other things on Johnson that are not very nice and will be in a book on which I am working.

Sincerely,

Harold Weisberg
